TEACHER NOTES

Christmas Color by Note · 3 levels · grades 2–6

HOW TO USE

- Pick a level for each student or group, print the worksheets single-sided, and hand out crayons or colored pencils.
- Students read the symbol in each space, find it in the color key, and color the space. Every space has a symbol in it.
- **White** in a key means leave the space white. **Gray** can be a gray crayon or a light pencil shade.
- Check with the answer key that follows each level. Keys are full-color pages you can print or project.
- All three levels use the same nine Christmas pictures, so one class can color the same picture at three different reading levels.

GREAT FOR

- Early finishers and music centers
- Sub plans (no music background needed with the answer keys)
- A quick check of note-reading before or after December concert and holiday lessons
