PRINT, CUT AND FOLD

Thanksgiving Place Cards

Four steps from your printer to the table

1

Print at actual size

Choose 100% or "actual size" in the print dialog, not "fit to page", so each card comes out 3.5 × 4 in flat. Use white or cream card stock, about 160 to 250 gsm (65 to 110 lb), so the cards stand up.

2

Cut along the grey line

Scissors work well, and a paper trimmer is quick for the straight sides. Snip the corners round to follow the grey line. The small grey ticks beside each card mark the fold.

3

Fold on the dashed line

Run a ruler and an empty pen along the dashed line to score it, then fold in half with the pattern band on the fold. Press the crease flat with a ruler edge for a crisp tent.

4

Write the name and stand it up

Write the guest's name on the line with a pen, gel pen or paint pen. Both sides are the same, so write on both and guests across the table can read it too. Print again whenever you need more.
